Pitdrop® Eyewash Solution (500ml.)

Product Code: PD110

At work, eyes are everything to us. it's important to treat eye injuries immediately with sterile eye wash on the exact time which event occurred. Sterile eye wash is needed to be used in case of dust, particles etc. splashes.

The bottle contains Sodium Chloride, NaCl (0.9%) which is identical to the nature of the eye. Also an easy twist off cap will be enough to open the bottle in case of emergency.

- 500 ml. sterile eye wash solution, NaCl (0.9%)
- Ergonomic "Eye Socket Shaped" twist off cup
- Soft squeezy bottle
- 3 year life time
- CE mark

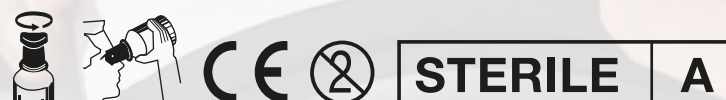

Pitdrop® Eyewash Solution (500ml.)

Product Code: PH074

Chemicals enter the eye in many ways such as solid and liquid forms with mainly acid and alkali splashes. Ready to use with ergonomic eye cup and high buffer capacity Pitdrop PH074 acts an immediate effect to prevent damage to the eye in emergency cases.

Once applied, it maintains cellular electrolyte balance and quickly neutralizes natural pH range with it's natural formula.

- 500ml. Ph Neutral eye wash solution
- Ergonomic "Eye Socket Shaped" twist off cup
- Soft squeezy bottle
- 3 year life time
- CE mark
